Functions:

- It creates awareness among students about several courses and examinations that are available in India and abroad.
- It prepares students for different competitive exams, exams for higher studies.
- It gives training to appear for GATE examination.

Career Guidance Cell provides guidance to all the students, so as to enable them to conceive and gain skills to for a suitable career. Various avenues are made open to students according to the branch of study with suitable option. Students of branches of Mechanical, Electrical, Electronics & Instrumentation and Chemical, Biotech etc. choose "Core" Industries like Steel Plants, Power corporation, Fertilizer Plants, Cement or Aluminum Industries. Students of Computer Science, IT, Electronics & Communication Engineering etc choose "Software" Industries like Infosys, TCS or Wipro.

Students are given training according to their career objectives of joining the Core or Software firms. Some students express desire for going abroad. Training is arranged for them to appear for Graduate Record Examination and Test of English as a Foreign Language tests at external centers.
