Vice Chancellor presided over the meeting

1. The minutes of the last meeting were read and confirmed.
2. Registrar informed the Board that classes have been continuing both physically & virtually involving more man power in handling online classes. Examination for odd semester students have been going on through online. In order to run classes and also examination through online & offline, the present resources like bandwidth & internet, CC TV connecting & other peripherals are not sufficient. We need to upgrade the present computer systems, Internet bandwidth, CC TV surveillance to maintain transparency in the academic and examination matters.

Further informed that

3. During COVID19 period, Alumni are requested to deliver a talk about latest technology in all week end virtually. Around 20 to 25 sessions were conducted with the help of proud alumni, who have been working in different Organizations.
