Name Of The Organization	**VVDN Technologies** https://www.vvdntech.com
Date & Time Of Campus Drive	Will Be Intimated Soon
Eligibility Criteria	B. Tech (**ECE & EEE**) **2022,2021,2020,2019 Batch** with CGPA 6.5 having Strong Communication skill kills.
Selection process	• **Online test / Technical & HR PI**
Salary	**3.2 LPA**
Location	**Bangalore**
Position	• Engineer (Sales)
Job Description: Engineer (Sales)	This is a client-facing role where you will represent VVDN to our customers and prospects for offshore development sales for Cloud and Application development services. Your work will be highly visible to the senior management of VVDN as well as our customers and partners. This exposure/access will allow you to build high-quality relations with executives of leading companies across the globe and work alongside them on devising strategies and product roadmaps. You will work on cutting-edge technologies and gather requirements on new products that are not out in the market yet. The ideal candidate will be able to appropriately identify the needs of both new and current customers to enable their success using our services. This will be done by developing an appropriate level of communication with clients and internal team members to better understand the technology and mitigate any issues the customers may face.

GIETU, GUNUPUR

Dear Candidates,

Greetings from Giet University, Gunupur

Infosys fresher's hiring for Specialist Programmer and Digital Specialist Engineer roles.

- **Specialist Programmer (SP):** An entry-level role in the Power Programmer stream at Infosys. Specialist Programmers are programming 'polyglots' who are experts in deep programming, full-stack capabilities, high complexity coding, developing rapid applications/platforms, and building technology-enabled solutions. **The compensation for this role is INR 9.5 lakhs per annum.**
- **Digital Specialist Engineer (DSE):** This role was formerly known as Systems Engineer Specialist. This role requires full stack capabilities and skills like analytics, artificial intelligence and automation, big data, cloud, cyber security, data consulting, and digital commerce, interaction, and marketing. Digital Specialist Engineers work across business units of Infosys on special projects to develop integrated applications and to bring agility in development with DevSecOps culture. **The compensation for this role is INR 6.25 lakhs per annum.**

Eligibility criteria: - Class **Xth-60%, Class 12th- 60%, B. Tech -6.50 CGPA**

• No active backlogs are allowed.
• Candidates should be willing to relocate to any location as required by Infosys.
• Candidates should be willing to work in different technologies as required by Infosys.

Year of graduation: 2020, 2021, 2022

- **Courses:** BE, B.Tech, (CSE, ECE, EEE, IT, AEI)
- **Academic Criteria:** The academic criteria has been attached to this mail as per following categories:

Interested candidates can apply for this drive by filling out the application link:-
https://surveys.infosysapps.com/r/a/Infosys_SPDSEOC_Jul22 **by 30.06.2022.**

The selection process for these roles will be conducted online in two steps: Infosys online test and virtual interview. Eligible candidates who fill the form within the deadline will undergo Infosys online test.

To help the candidates prepare for the test, we have shared the 'Infosys Online Test Samples'. Candidates may also watch this preparatory guidance video on Infosys Recruitment Process for SP and DSE roles by our expert. Kindly note, these should be treated only as guidance and recommendations. These do not contain an exhaustive list of topics that one should restrict to for preparations.

After registering in the company link do fill the GIET Google Form- **https://forms.gle/5jKPE5fHpyuvUUGq7 .**

Best Wishes,

T&P CELL GIETU

Designation	SERVICE ENGINEER – GET You will be working as Service Engineer in our 2 Wheeler - Sales & Marketing Department. This department works ardently towards achieving profit and revenue targets set by the organization and aims to significantly enhance the market share of the products.
Location	Ahmedabad, Hyderabad, Jaipur
Key deliverables	Providing post–sales technical support to customers and dealers to achieve the 'service' and customer satisfaction objectives. Analyzing customer and dealer satisfaction data for identifying customers' and authorized dealer's expectations in terms of service and support. Supervising and supporting dealers' secondary network, expanding the dealers' secondary network as per the agreed plan and ensuring the CDMS implementation at all dealerships and secondary network. Conducting routine maintenance work like replacing fluids, lubricating parts etc. for increasing vehicle functionality and longevity. Inspecting vehicle parts and analyzing customer complaint registration to diagnose issues accurately. Making plan actions for improvement of the vehicle through repair, maintenance and up gradation. Providing post service feedback through Customer Relationship Executive at dealerships and schedule future maintenance sessions. Ensuring 'With Warranty', 'Extended Warranty' and 'Post warranty' vehicle reporting as per plan. Studying spares consumption pattern and generating spares and lubes order as per agreed plan.
Benefits	Group Accidental Policy
NOTE	Attend the above drive with uniform along with a copy of resume, Two Passport Size Photography, college I-card, Mark-sheets and certificates 10th onwards.

Professor I/C
Training & Placement

Dear Candidates,

Greetings from Giet University, Gunupur

Infosys freshers hiring - 2021 batches for Specialist Programmer and Digital Specialist Engineer roles.

- **Specialist Programmer (SP):** An entry-level role in the Power Programmer stream at Infosys. Specialist Programmers are programming 'polyglots' who are experts in deep programming, full-stack capabilities, high complexity coding, developing rapid applications/platforms, and building technology-enabled solutions. **The compensation for this role is INR 8 lakhs per annum.**
- **Digital Specialist Engineer (DSE):** This role was formerly known as Systems Engineer Specialist. This role requires full stack capabilities and skills like analytics, artificial intelligence and automation, big data, cloud, cyber security, data consulting, and digital commerce, interaction, and marketing. Digital Specialist Engineers work across business units of Infosys on special projects to develop integrated applications and to bring agility in development with DevSecOps culture. **The compensation for this role is INR 5 lakhs per annum.**

Eligibility criteria: - Class **Xth-60%, Class 12th- 60%, B. Tech -6.50 CGPA**

- No active backlogs are allowed.
- Candidates should be willing to relocate to any location as required by Infosys.
- Candidates should be willing to work in different technologies as required by Infosys.

Year of graduation: 2021

- **Courses:** BE, B.Tech, (CSE, ECE, EEE, IT, AEI)
- **Academic Criteria:** The academic criteria has been attached to this mail as per following categories:

Interested candidates can apply for this drive by filling out the application link:-
https://surveys.infosysapps.com/r/a/Infosys_DSE_SP by Sunday, September 26, 2021.

The selection process for these roles will be conducted online in two steps: Infosys online test and virtual interview. Eligible candidates who fill the form within the deadline will undergo Infosys online test.

To help the candidates prepare for the test, we have shared the 'Infosys Online Test Samples'. Candidates may also watch this preparatory guidance video on Infosys Recruitment Process for SP and DSE roles by our expert. Kindly note, these should be treated only as guidance and recommendations. These do not contain an exhaustive list of topics that one should restrict to for preparations.

After registering in the company link do fill the GIET Google Form-
https://forms.gle/sBo69fVqxC5GTNPp8.

CAMPUS DRIVE BY Indian Broiler Group

ATTN: B. Sc Agriculture -2021 BATCH

Name Of The Organization	**Indian Broiler Group, Rajnandgaon , Chhattisgarh** **https://www.ibgroup.co.in**
Date & Time Of Campus Drive	**Will be intimated soon**
Selection process	• **Written Test** • **Technical and HR PI**
Salary & Other Facilities	During this tenure of two months of training, The candidate will receive a stipend amount of 6000/- per month 10,000- 15,000/- plus TA & DA to handle a group of farms together in that location. After six months' pay will be revised.
Eligibility Criteria	ATTN: B. Sc. Agriculture -2021 BATCH
Location	• should be flexible in terms of locations of Odisha
Position	**Trainee Farm management**
Job Description	We are looking to initiate a "Training cum Employment Opportunity "for our Poultry farms based at Orissa and also for future development of our Poultry units in Orissa. IB Group is a well accomplished name in the poultry world and along with that we maintain multiple business lines like Dairy, Fish Feed, Shrimp Feed, Refined Oil, Poultry Feed, and Hospitality under the brand name of ABIS which is quite a well-known brand in Central India. 1. This is an initiative by the name of "Employer of Choice" from IB Group through which we look forward to train and provide an employment opportunity to the B.Sc Agriculture candidates. We are not keeping away the other graduates , but only depends if they have some interest or familiarity with poultry industry 2. The intention of the project is to provide a hands on training to the students to let them know about how a farm needs to operate with proper technical support to be provided to the farmers, farmer training and awareness, poultry farm audit etc. 3. Once the candidate decides they need to go through a training which is company sponsored for two months without taking any cost from the candidate, we need their consent over the mail, or a collective mail from the college stating the names of the interested student to appear for the same. During this tenure of two months of training, the candidate will receive a stipend amount of 6000/- per month 4. We have an evaluation, which will cover the subjects taught during those two months, so both theoretical and practical sessions are to be taken seriously for an effective result. Post to two months once they complete the evaluation successfully they will posted in our farms in the respective states. 5. Kindly note that your placement will not be in your home town but near to the same so students should be flexible in terms of locations. 6. The first salary to be offered will be within 10,000- 15,000/- plus TA & DA to the candidate who will be responsible to handle a group of farms together in that location 7. Post observing the performance for first six months, we can revise the salary on the basis of their performance. We have a supportive career path decided for the students so the serious performance in the responsibilities being delegated to them would take them to a challenging and wonderful career ahead.

Eligible students are advised to enroll their names in the GIETU link: **https://forms.gle/E6NxGp9TGcLVPgL56** on or before **22.04.2021 by 4 PM.**

Job Description	• Duties will include optimizing web content, link building, creating social profiles posting updates. • Using social media tools to automate tasks. • Most marketing will be done on Facebook, Twitter, LinkedIn, Yelp, Blogs (Word Press), and YouTube. • Learning basic SEO strategies (keyword research, link acquisition, and on-site optimization). • Understanding Google Analytics, Google Webmaster Tools & Bing Webmaster Tools. • Researching on the latest content trends—be it SEO or qualitative—and formulating a content strategy based on the same. • While good writing skills are not a necessity, they are certainly a bonus. Good writers will be trained by the organization's content writing team and provided an opportunity to contribute to our growing archive of collaterals, such as blogs and mailers. They will also be exposed to great content mentorship. • Improving Metadata across older articles and services. • Various design tasks. • Assist in the daily tasks across our social accounts (namely YouTube, Facebook, and Twitter & Instagram). • Competitive analysis for other popular brands in our sector.
Skill Set	• Strong interest in online marketing. • Good written and verbal communication skills. • Detail-oriented with critical thinking skills. • Experience with WordPress and basic HTML is a plus
