

Request for Permission to Upload Calls for Proposals on GIET University Website under the Research Category

Respected Sir,

I am writing to seek your kind permission to upload Calls for Proposals on the official GIET University website under the Research category.

The Vice Chancellor's suggestion during the meeting held on 31.07.2025 regarding research funding and enhancing research output, it was proposed that calls for proposals be made available on the University website. Our objective is to ensure that these calls are updated promptly and accurately, thereby providing timely and relevant information to all concerned departments and faculty members.

Publishing these calls on the GIET University website will not only enhance transparency but also encourage wider participation from faculty members, researchers, and potential collaborators. We will strictly adhere to the University's communication policies and ensure that all content is thoroughly reviewed prior to uploading.

Your approval will enable us to maintain an effective and up-to-date platform for disseminating important calls for proposals, thereby fostering a vibrant research environment.

Thank you for considering this request. I look forward to your positive response.

Sincerely,
R. Sridhar Rao
Nodal Officer
GIET University

Registrar
